

Recap of Information Gathering

From May through August 2018, Search Committee members met with groups throughout the PSWR to listen and gather input about the Region and our future Regional Minister. A detailed summary of who participated is included below. Here's a recap of the data gathering:

- 225 members of 23 Regional groups were met in person or via direct phone contact.
- 10 Regional groups were contacted via email only and surveys/links were sent to their members
- 375 people attended 11 Region-wide congregational listening sessions held from Hawaii to Las Vegas and Bakersfield to San Diego. (Over 60 percent of attendees were from our Hispanic Convención congregations)
- 60 responses via the online survey were received as of August 21, 2018
- Every church was mailed a hard copy letter encouraging them to take the on-line survey or attend a listening session
- The July and August E-Shout newsletters and Regional Facebook page included publicity about the online survey and participation in The Search process
